

The John S. Ducate Sr. Engineering Scholarship

The John S. Ducate, Sr. Engineering Scholarship is endowed and established by Mr. Ducate's family to honor his entrepreneurial spirit, perseverance, and ability to lead. His love of engineering and design led to the development of a small company that grew into a multimillion-dollar operation.

This scholarship will be awarded to a senior student with high achievement in science and mathematics, a commitment to engineering, and acceptance to a college or university with an accredited engineering program.

The applicant must complete all portions of the general Foundation application, including providing two teacher references and a senior administrator reference (lead teacher, assistant principal or higher) and write a brief response (1-2 typed pages) to the following question:

Scholarship question:

Describe a time or event in your life where you have had to think creatively in order to solve a problem or reach a goal. What steps did you have to take to reach the desired outcome?

An interview will be required for the finalists for this award.

For 2015, the value of this scholarship is \$1000.
